### Circulation and Programming

Our upcoming partnership with the 21st Century Institute and the Village of Orland Park is August 10 through the 14th. The *Chinese Culture Exhibition*, which includes tea ceremonies throughout the week, is a very special opportunity to experience this Chinese tradition in our own community. The Youth Services Department has planned some events for children to highlight this celebration for younger audiences.

Librarian's Report

Our current collaboration with the Illinois Humanities Council and the U.S. National Library of Medicine is *Life and Limb: The Toll of the American Civil War*. The exhibit is on the second floor and programs have been planned by Outreach staff under the supervision of Kelly Cuci on how battlefield surgeries saved lives. This exhibit will be featured until August 15. We will be hosting a companion Civil War exhibit next year.

Adult Services has planned an author event in late September featuring Marija Mills, the author of *The Mockingbird Next Door* to continue the spotlighting of Harper Lee's *Go Set a Watchman* which came out last week. Adult Services staff Judy Brannigan, Linda Conrath, and Andy Masura and Director Weimar read aloud from Lee's *To Kill a Mockingbird* at the Orland Park Barnes and Noble Bookstore. This collaboration is just a small beginning of partnering with our local businesses. Barnes and Noble will be hosting a book fair this fall for the library. Also look for the Kurt Vonnegut traveling exhibit on the second floor in November. The Youth Services' staff have taken this year's annual Southland Author's Fair to highlight children's book writers. This event will be in October. Our staff have planned some incredible programs this year and the summer statistics show over 2,500 patrons have registered for *Read to the Rhythm*. Circulation is holding a steady increase of 2% over 2014. I also would like to compliment the marketing pieces coming out of Graphics these past several months. Kristen Holding and Bridget Bittman have outdone themselves with professional booklets and flyers.

### Financial

Finance Manager Remmenga and Director Weimar have been working on the numbers for the 2016 levy and budget. Presentation on salary and health benefits is on the agenda.

### Building

Power Outlets in Teen Area

The Teen Area is a busy place with all the staff has to offer for that age group. One thing lacking has been power outlets for users to plug in their personal devices for use and re-charging. Power outlets were added to the south wall where we currently have lounge seating by Linear Electric Inc. at a cost of \$3,162.00.

### **Exterior In-Ground Lighting**

The exterior in-ground lighting at the base of the columns and along the west façade of the building have several fixtures that have shorted out due to water in the fixtures. Maintenance Superintendent Steve Newman has been working with Linear Electric to find a solution. Joe Witry at Linear Electric contacted Hydrel Ground Lights and requested, at no cost, a retro-fit LED replacement insert for the S-5 ground fixtures. It is encapsulated to keep it water tight as well as the LED bulb. Once installed, we will analyze its functionality. If we accept it, the cost will be \$775 for the fixture. If not, we will return it to the manufacturer. If this works, we will explore the options for fixture replacement going forward.

### Trane HVAC Preventative Maintenance Contract

Trane's new contract for HVAC Maintenance is \$13,410 per year for each of the next three years (total for three years \$40,230). This is a 17.9% increase over the \$11,374 paid for each of the last three years. The advantage to this contract is we lock the rate in for three years and they have included connecting to the Tracer Summit control program for 24/7 monitoring of our HVAC system. This will provide us with real-time monitoring on Trane's end and includes 30 minutes of free phone support and system changes. Continuing to be included are two free training classes per year, eight onsite inspections, priority emergency response, and waiver of the four hour minimum service call charge.

Trane engineers have recently visited the Library and are developing solutions for the heating and cooling issues in the lobby and on the second floor. We hope to bring to the Board by the end of the year ways to improve the comfort of patrons and as always keep our heating and cooling costs low.

### Adult Services Furniture

will begin very soon.

The furniture sent out to be reupholstered will be returned on July 27. Eight lounge chairs, three benches and twenty David Edwards chairs have been structurally examined and repaired, padding replaced and new materials used to recover our existing pieces.

The following questions were asked about the reported information:

President Healy asked if the exterior lighting was considered a safety issue. Administration responding the lighting points up and does provide security lighting around the building by design.

Secretary Lebert asked if there would be a warranty for light replacements. Administration responded this is a test and no purchase has been made. However, the warranty information will be asked about once the test is completed.

Trustee Barcelona asked what all was included by the Trane Contract. Administration responded this included all maintenance review including system software, all replacement parts are discounted, special pricing of services, training workshops, and preferred emergency response time.

#### **Smart Lab Policy**

The purpose of the Smart Lab is to provide Orland Park Public Library cardholders in good standing with a space where they may use various digital media technologies which support their educational, professional, and personal goals and endeavors.

Patrons using the Smart Lab must leave their Orland Park Public Library card while using the lab with the Smart Lab staff member managing the Lab.

No food or drinks will be allowed in the Smart Lab.

#### **General Guidelines**

- Users can make 2-hour reservations (with extended time permitted if no one else is waiting) by speaking to a staff member managing the Smart Lab in-person or by phone. Patrons can make reservations up to a week in advance. Reservations will be held for 10 minutes after they are scheduled to begin. If there are no reservations, the lab is available on a first come, first serve basis.
- The individual whose library card is being held will be considered the main user and is responsible for any damage or misuse of the equipment, even if a group is working on a project together. The main user will pay all costs for Smart Lab hardware, accessories and software that result from loss, theft or damage. A maximum of 8 people (no more than two to a computer) may use the lab at any one time.
- Behavior in the Smart Lab is to be consistent with the Orland Park Public Library's Patron Behavior Policy (Section B 4).
- Internet and equipment usage must be consistent with the Public Access to Electronic Information Networks Policy (Section B 6.1).
- All patrons must adhere to all Orland Park Public Library Policies and obey all local, state and federal laws when using the Smart Lab.
- Downloading, installing or uninstalling software of any kind is strictly prohibited. Users may not extend or modify the network in any way. This includes adding access points and installing bridges, repeaters, switches or hubs. The Library will remove or disable any such unauthorized equipment.
- Computer equipment, including cables, keyboards, mouse, speakers, scanners, etc., are not to be modified, moved, unplugged, or changed in any way. Smart Lab software and hardware are to be used for projects that are not:
- 1. Prohibited by local, state or federal law.

- 2. Unsafe, harmful, dangerous or pose a threat to the well-being of others including but not limited to cyber-bullying; harassment; libel; slander; destruction of or damage to equipment, software or data; disruption or unauthorized monitoring of electronic communications; attempt to break into or gain unauthorized access to any computers, networks or secured files; or unauthorized copying of copyright-protected material.
- 3. In violation of the terms of use of the manufacturer of the equipment.
- 4. Obscene, sexually explicit or inappropriate for the library environment.
- 5. In violation of intellectual property rights, e.g. the equipment may not be used to reproduce objects which are protected by a copyright, patent or trademark.
- Any personal information sent through the network could be intercepted by a third party, and users are encouraged to be cautious about sending personal, financial or legal data.

#### Fair Use

U.S. copyright law provisions for fair use of music, artwork and other creative works are extremely restrictive. Each person is personally responsible for knowing the copyright status of any music or graphic material included in Smart lab projects. Numerous resources exist for fair use media materials.

Illegal downloading, file sharing and duplication:

Computers and the Library network may not be used to illegally upload, download, or copy copyrighted materials including software, music, videos and graphics. This includes the use of online services that facilitate the unlicensed sharing of media files. Duplication of commercial CDs or DVDs is not permitted.

Scanning, digitization and media conversion:

Concerns about copyright infringement extend to the use of equipment to duplicate copyright-protected documents and graphic materials. Each patron assumes all responsibility for observing copyright restrictions when using scanners in the library.

#### File Storage

Patrons may store project files on the machine and backed up on the local server. The Orland Park Public Library reserves the right to periodically clean up the server of any unused files. Saving work prepared at the computer stations is the sole responsibility of the patron. Equipment that uses removable media storage cards or has hard drives for media storage will be erased regularly and cannot be recovered. The Orland Park Public Library and its staff are not liable for any loss, damage or expense sustained by any user due to the utilization of services, equipment, software, advice or information. The Library is not responsible for equipment or files left behind in the Lab.

#### Equipment

All equipment available in the Smart Lab must stay in the Lab. Approval may be given to use the equipment elsewhere in the Library.

Users must use the Smart Lab equipment in a responsible manner. The Smart Lab user accepts financial responsibility for any and all damage caused to the building and/or equipment beyond normal wear. The Orland Park Public Library card holder will be responsible for any charges incurred by the group. Please note a cost based on the project being replicated by the 3D printer will be assessed.

# **PERSONNEL**

Jenna Schwartz Started as a Circulation clerk on July 27th.

## **CUSTOMER SERVICE LOG**

7/2/15 (Circulation Desk) Patron misses the SWAN system. Has not gotten used to the new one yet.

7/6/15 (Information Desk) Patron upset that book was placed on hold on an expired card.

7/22/15 (Information Desk) Patron from another library inquired about using a computer. When I told them the policy and the cost he said "Jesus, I've never heard of this at any other library" and he walked out.

7/23/15 (Information Desk) Phone call about what was needed to renew card (Driver's license plus 1 other proof of residence) "I don't think I had to go through this much when I took my child home from the hospital."

7/27/15 (Information Desk) (Card policy) It's more difficult to get a library card than a license.

7/1/15 (Circulation Desk) "She's really a nice lady!" Patron referring to Nancy.

7/3/15 (Circulation Desk) We need another ID to get a library card. Ridiculous!

7/8/15 (Circulation Desk) Your foreign film collection is superb! Who purchases these? They do a fantastic job. It's great that they are filed seperately. I can never find them at Tinley.

7/9/15 (Circulation Desk) The magician was wonderful! Please bring him back! Kid's, parents loved him.

7/15/15 (Circulation Desk) (Card policy) This is ridiculous! When we made library cards before it wasn't this much of an issue.

7/18/15 (Circulation Desk) (Card policy) Isn't it enough that I have my Village ID Sportsplex pass?

7/24/15 (Circulation Desk) Patron commented: "We really enjoyed the jazz band from Moraine Valley."

7/26/15 (Circulation Desk) Linda and Judy in reference upstairs are simply the best! "They are always so helpful and sweet."

7/27/15 (Circulation Desk) "Love this library. Don't ever make it go away. Most awesome place in Orland."

7/3/15 (Circulation Desk) "Thank you for telling me that this book was not from this library,

I didn't want to return it to the wrong library if it couldn't be checked in."

7/7/15 (Circulation Desk) "Oh F\*\*\*, I don't have any of that with me. D\*\*\* it. You guys should say that in the email that is sent." Man who didn't have proper ID forms to get a library card.

7/7/15 (Circulation Desk) ILL is a great service - can get things from all over.

7/10/15 (Circulation Desk) Patron and grand children enjoyed the storytime at Farmer's Market today.

7/18/15 (Circulation Desk) Patron asked if it was normally this hot in here.

7/20/15 (Circulation Desk) Patron said to clerk after being given a green bag. Thank you, you're a good help.

7/21/15 (Circulation Desk) Great service. Thank you.

7/21/15 (Circulation Desk) You're a lifesaver. Thank you.

7/21/15 (Circulation Desk) You're the best! Fantastic library.

7/22/15 (Circulation Desk) My God, it's like breaking into the vault. (Patron commenting about library card policy)

7/29/15 (Circulation Desk) "Why is a license not enough to renew a library card? It's enough everywhere else."

7/30/15 It's easier to get out of Fort Knox, then to get a library card here!

## **GRANTS/SPECIAL PROJECTS**

The Youth Services staff continued to register patrons for the Summer Reading Challenge: *Read to the Rhythm.* The patrons, young and old, have been very pleased and complimentary of our department's many programs, services and the summer reading challenge.

All Youth Services staff actively participated in the library's In-Service day on Friday, July 31. The sessions offered were quite useful for our daily work at the library, and the inservice was a success as a whole!

The staff is gearing up for our fall programming!
